

OISC Meeting Agenda
Wednesday, March 5, 2014
9:00 - 12:00

The Oahu Invasive Species Committee (OISC) is a voluntary partnership of state, federal, and private agencies united to protect Oahu from the most harmful invasive plants and animals that threaten our environment, economy, and human health. OISC works to prevent the establishment of new alien pests, controls incipient pests on public and private land, and educates the community about the threats of invasive species and what they can do to help.

OISC Attendees: Aaron Works, Alex Lau, Alisa Kimura, Danielle Frohlich, Erin Bishop, Julia Parish, Taylor Marsh, Zoe Eisenpress
